Three years ago you installed the Eze-Breeze Panels on my front porch. I cannot tell you enough how much my mother and I have enjoyed it. It has added another room to our house. All of my friends and family are amazed by the simplicity of raising and lowering the windows with one hand. We no longer have to stay couped up in the house during cold weather. I have been wanting to tell you how much this has added to our lives. The porch stays so clean. You have a superior product and one I definitely would recommend over and over.
